

AEROSPACE TENANT SURVEY

Melbourne International Airport (MLB)
Melbourne, Florida

The Melbourne International Airport Authority is working to improve the Melbourne International Airport (MLB) for its tenants, the traveling public, and the community. An important part of this effort is the update of the airport's Master Plan and Airport Layout Plan, which we are initiating in Fall 2014. We appreciate your participation in the Master Plan process and will provide opportunities for you to express your ideas and comments.

At this time, we would like to know more about your experience at MLB, any desired improvements and services, and what would be your long-term vision for MLB. Your input will help us tailor upcoming Master Plan meetings. Please take a few minutes to complete and return this survey. Thank you!!

Name	
Address	
Phone Number	
Email Address	
Date	

1. Would you like to be notified of MLB Master-Plan workshops/meetings? _____

2. Provide the primary contacts for Master Plan meeting notices (name and email address)

3. In general, tell us about your experience at MLB.

4. What airside improvements would help improve your operations at MLB? (i.e., apron improvements)

5. What type NAVAIDs/instrument approaches would improve your operations at MLB? Do obstructions that hinder your use of the airport?

6. What landside improvements would improve your operations at MLB?

7. What type of additional facilities and improvements at MLB would best suit your needs and those of your customers? (Select all that apply).

- Airfield Maintenance/Repairs
- Fuel Storage Facilities
- Roadways
- Flight Planning/Weather
- IT Infrastructure
- Common Area Landscaping
- Site Drainage
- Ground Transportation Services
- Apron Tie-Downs
- Apron Parking
- Signage
- Gate Access Control
- Security and Lighting
- Solid Waste Services and Recycling
- Utilities _____
- Other _____

Specifically, what would you like to see improved?

8. What cities do most of your out-of-town employees and customers travel to and from when visiting Melbourne?

9. Do most of your out-of-town employees and customers fly into MLB or use other airports?

10. What changes to commercial flights and cities at MLB would improve accessibility?

11. Looking to the future, what is your vision for MLB and what should be accomplished at the airport over the next 20 years?

12. How can the airport help improve the community and be a better neighbor?

Your information is greatly appreciated!
